

**User lock**  
Added security. A button combination lock protects the shredder against unauthorized use. This effectively prevents the shredder from being switched on and used by an unintended user.

**Service info**  
Taking care of the shredder ensures reliable, long-term operation. The precision cross-cut shafts need regular care using special oil. This increases their performance and ensures a long service life.

The bin is open – then the intimus<sup>®</sup> PRO data shredders do not operate for safety reasons

If there's a paper jam – simply press the reverse button and continue shredding with less paper

The bin is full – you have to dispose of the material shredded in line with data protection requirements

Motor overheated – a self-protection feature in the intimus<sup>®</sup> PRO series to prevent damage to the drive components

**i-control**<sup>®</sup> Absolute transparency of the work flow

**EcoLogic** Energy efficient

**DLS** Dynamic Load Sensor - controlled performance

- i-control: system instantly informs user of shredder status
- DLS: adds to long-term, trouble-free use by giving visual feedback to the user with regard to load capacity
- EcoLogic: energy efficient

**Technical Data**

Shred Size	.8mm x 4.5mm
Shred Type	Cross-cut
Capacity	up to 16 sheets
Speed	45 ft. per minute
Throat Size	16"
Shred Container	6.1 cubic feet
Power Supply	120V
Power Consumption	2.5 Hp
Width (in)	26"
Depth (in)	22"
Height (in)	41 3/8"
Weight (lb)	198 lbs.
Accessories	PB4 (bags)
