Kobra HS-OM Optical Media

Optical Media High Security shredders with Automatic Oiler

- Two models suitable for optical media high security shredding (KOBRA 400HS-OM) and for the combination of paper and optical media (KOBRA 400HS-Combi)
- Special 1.5 x 2.5 mm. cutting system for optical media.
- KOBRA 400 HS-Combi is available in two different cut sizes (NSA Level 5 & 02-01)
- "ACCU-FLOW" Automatic Oiler automatically lubricates cutting knives and eliminates the need for manual lubrication.
- "ENERGY-SMART" Power Management System: Uses zero power consumption in stand-by mode.
- Automatic Start/Stop through electronic eyes.
- Heavy duty chain drive with steel gears.
- 24 Continuous Duty operation with no overheating or duty cycles.
- Strong and re-usable plastic bag for destroyed optical media.
- High quality steel cabinet on casters for easy movement.
- Does not require a dedicated line (standard office outlet)

HIGH SECURITY CUT
 CAPACITY UP TO 3.000
 OPTICAL MEDIA PER HOUR
 "AUTOMATIC OILER" "ENERGY SMART"
 "SUPER POTENTIAL POWER UNIT"
 POWERFUL 24 HOURS CONTINUOUS DUTY
 2.100 WATT MOTOR
 AUTOMATIC START/STOP
 THROUGH ELECTRONIC EYES
 STEEL CABINET
 MOUNTED ON CASTER

5.2 in. throat for easy insertion of optical media (CDs, DVDs, Credit Cards, Blue Ray, etc.)

Two separate throats for paper entry and optical media entry

"ACCU-FLOW" Automatic Oiler:
Special integrated oiling system automatically lubricates the high security cutting head. This ensures blade protection and maximum performance.

Two Separate Sets of Cutting Blades:
Dedicated cutting knives for the destruction of both paper and optical media.

2 bags separate plastic shreds from paper shreds: 80 liter strong re-usable bag for CD, DVD, Blue-Ray and credit card shreds and a 110 liter recyclable bag for paper shreds (Kobra 400HS-COMBI)

Kobra 400 HS-OM

Kobra 400 HS-COMBI

Kobra 400 HS-OM & Kobra 400 HS-COMBI

For your optical media destruction needs, KOBRA offers a range with unparalleled practicality, performance and efficiency. This line offers nearly unlimited versatility for your high security shredding applications. With two available models, both equipped with KOBRA's "ENERGY-SMART" Technology, the 400 HS and 400 HS-Combi allow its user to safely destroy their top secret materials, protect the environment and save on energy cost. While the KOBRA 400HS-OM is the perfect choice for the destruction of optical media, the KOBRA 400HS-Combi allows its operator to shred paper in addition to optical media. The Combi utilizes two sets of dedicated cutting knives and two entry throats for the destruction of both types of materials. Both the KOBRA 400HS-OM and KOBRA 400HS-Combi are equipped with special integrated automatic oiling systems. KOBRA's "ACCU-FLOW" Automatic Oiling System ensures maximum input capacities and protects the unit's cutting knives. This feature and KOBRA's world-renown reputation guarantee the ultimate in high security document destruction.
