

Multipurpose high volume Industrial shredder

KOBRA CYCLONE

Throat width:	13x19 in. (WxH)
Shred size:	according to the installed Security Level
Sheet capacity:	500 sheets
Security Level:	five different available Security Levels
Noise level:	approx. 85 dba (depending on local voltage)
Credit cards:	45.000/h
CD-ROMs:	15.000/h
Floppy-Disks:	7.000/h
Voltage:	220 V. 3 Phase
Power:	8 Hp
Dimensions (WxDxH):	32x85x84 in.
Weight:	1150 lbs.

Industrial shredder designed for large quantities of paper, credit cards, CD-Roms, Floppy-Disks, cardboard, carton boxes, aluminium cans and plastic bottles. Blades rotating at a very high speed, combined with the power of a turbine providing the unit with airflow, allow the shredding of up to 500 sheets of paper at a time as well the shredding of the other types of materials into 5 different available particle sizes. The size of the particles (Security Level) can be chosen when ordering the machine and it will always be possible to change the Security Level any time after installation of the unit with a simple operation to adapt to any shredding need. Shredding capacity of 500 sheets at a time remains unchanged with any Security Level installed in the machine. A rear window allows easy checking of waste bag level while plastic bags can be easily removed and disposed of assisted by the built-in-trolley. Kobra Cyclone is also equipped with an integrated vacuum system specifically designed to provide the operator with clean and dust free shredding environment. The Cyclone is built with a double insulated shredding chamber and special plastic outer housing enclosure for low noise operation. Kobra Cyclone can reach an impressive shredding output of 940 lbs per hour without requiring any oiling of cutting knives or special maintenance. This makes it easy to use for everybody at the office. Kobra Cyclone complies with the shredding standards of ASIO - Australian Security Intelligence Organisation - T4 Protective Security. Security Level 6 meets the NSA/CSS Specification 02-01 of National Security Agency.

- Manual Start/ Automatic Stop with Stand-by function
- Automatic Stop with light signal for bag full
- 100 gallon bag volume
- Built-in-trolley with casters for easy removal of waste bag
- Does not require maintenance. No oiling of cutting knives.
- Motor thermal protection
- Accessories: plastic waste bags (for general applications: 50 pcs/box, code n. CB-93; for heavy duty applications such as shredding of CDs and plastic: 5 pcs/box, code n. CB-93HD), air filter (10 pcs./pack) code n. CF-13, Security Level screens:
 - Screen Level 002 code n. CX-002
 - Screen Level 003 code n. CX-003
 - Screen Level 004 code n. CX-004
 - Screen Level 005 code n. CX-005
 - Screen Level 006 code n. CX-006

Just press the start button, throw the material into the large entry opening and leave.

Kobra Cyclone can shred 500 sheets of paper at a time and also credit cards, CDs, Floppy-Disks, Cardboard, Plastic bottles and Aluminium cans.

Plastic bags can be easily removed and disposed of assisted by the built-in-trolley.
