

NOVUS[®] PRO STAPLERS

B40 HEAVY DUTY STAPLER

Novus Pro Staplers are the preferred choice among professionals throughout the world and the Novus Pro Heavy Duty Series are no exception. These rugged tools are capable of continually stapling large quantities of paper with minimal effort. Designed and developed in Germany, they will exceed your expectations and improve performance and efficiency in the workplace.

The Novus Pro Heavy Duty B40 has a stapling capacity of 100 sheets and features an automatic bypass system which provides the convenience of using larger staples on smaller projects. A sliding adjustable depth guide allows you to set the staple location and ensure you clinch your desired depth on each and every document.

The B40 also features an innovative Anti-Blocking System (ABS) which prevents

the possibility of a staple jam and having your documents stuck to the stapler. A dual staple guide system further ensures trouble free performance by providing even pressure on the staple legs until it clinches your documents.

The Novus Pro B40 is 10 1/2" in length. The rubber base provides safe, slip free stability to ensure your Heavy Duty stapler will not budge while stapling through 100 sheets of paper.

For optimal performance, we recommend using Novus Heavy Duty #23 staples. These thicker gauge, precision formed staples will ensure your Pro Stapler performs as designed. The B40 will accommodate staples up to 13mm in length.

B40 HEAVY DUTY STAPLER

- ▶ Anti Blocking System prevents staple jams
- ▶ Stapling Capacity - 100 sheets
- ▶ Bypass System prevents overlap of staple legs when stapling smaller quantities
- ▶ Dual staple guide encases the staples & provides superior performance and reliability
- ▶ Heavy duty base provides support and durability for extended use
- ▶ Lift handle for easy top loading of staples

Dual staple guide system provides even pressure on the staple legs until it clinches your documents.

Adjustable depth guide ensures you staple at the desired depth each and every time.
