## Technical Data Sheet

### Model 1324C/3 DEP

#### Maximum Security Deployment Shredder

The Model 1324C/3 Maximum Security Paper Shredder is ideal for low volume deskside shredding applications. It includes the SPS (Safety Protection System) which incorporates an electronically controlled safety flap in the feed opening as an additional safety element to help protect against industrial accidents and/or overfeeding. The Model 1324C/3 meets or exceeds performance requirements, NSA/CSS Specifications 02-01 and appears on the NSA Evaluated Products List (EPL)

Designed for field deployment, this kit now features a custom-fit, lockable deployment case, with internal cushioning that protects shredder from even the roughest handling.
