SEM 2125P Cross-Cut Shredder

Technical Info

- The Model 2125P is a CROSS CUT Shredder ideal for medium duty applications. Designed with safety in mind, it features a SPS (Safety Protection System), an exclusive electronically controlled safety flap in the feed opening. When the machine is shredding, the flap closes for safety. It also features a new multi-function control element (switch) which has integrated optical signals and is color coated for convenience. Four swivel casters make moving from one area to another a breeze.
- Shreds up to 14 Sheets.
- Available in 220V and international voltages - special orders
- SEM 2125P Cross Cut Medium Duty Paper Shredder
- Semshred 2125P
