

SEM 266/4 Maximum Security Cross-Cut Paper Shredder

For More Info

Click Here --->

The SEM Shredder Model 266/4 is the only shredder to meet the new standards before NSA/CSS 02-01. This means it has a twenty five year standard of excellence that no other shredder can claim. This Model combines the latest electromechanical technology to destroy U.S. Government classified records to the smallest particle of any shredder in the market. Our Model 266 comes standard **with an Automatic Oiler and a SPS system (Safety Protection System)** The SPS is an electronically controlled safety flap in the feed opening as an additional safety feature to help prevent industrial accidents and/or overfeeding.

The SEM 266/4 is the newest version of the SEM 266 series (replaced the SEM 266/3).

This Model meets or exceeds performance requirements, NSA/CSS Specifications 02-01 and is listed on the NSA Evaluated Products List (EPL).

IMPORTANT: This machine requires a 20 Amp receptacle and a dedicated line.

NSN: 7490-01-395-3263

Shredding Capacity	Up to 16 sheets
Shred Size	0.7 mm x 4.2 mm
